     1. This week the Career Training Program Staff received an urgent
request from DDS&T to retain ███████████████, a member of the July
1970 Career Training class, for a two or three month period. As the mat-
ter was explained to us, DDS&T is counting heavily upon Mr. ████████ to 25X1A9a
use his unique qualifications in getting a highly sensitive technical project
underway. While Mr. ████████ expressed his willingness to help DDS&T,
he was most concerned that he should not lose his standing in the CT Pro-
gram and the opportunity to try for a career in the DDP.

     2. We have reached a compromise with DDS&T which we are assured
will meet their most critical need and still allow us to fulfill our commit-
ment to Mr. ████████ to carry him through as a member of the July class.
We have agreed with DDS&T that Mr. ████████ will continue working on
the project until 30 September 1970. On 1 October he will be transferred
to the Career Training Program and placed on an interim assignment until
the next Intelligence Techniques and Operations Familiarization Courses
in February and March 1971. In effect, the normal order of basic orien-
tation courses followed by an interim assignment will have then been revers-
ed. Upon completion of the OFC, Mr. ████████ will be able to go directly
into the next Basic Operations Course, along with the members of the July
1970 class destined for the Clandestine Service.

     3. Eleven of the thirteen wives of the July 1970 Career Training class
attended a special briefing on Saturday, 18 July. They were shown the "Need
to Know" film, and the Chief of the Career Training Program explained the
purpose, nature and schedule of the Program to them. The question-and-
answer period which followed the presentation was both lively and informa-
tive.
